

June Bugs Preschool Program

June Bugs

Special Program for Preschoolers

Enjoy the early start of summer! The Rye Nature Center offers a fun outdoor program especially for preschoolers who start their summer in June! The program is designed to emphasize the use of all five senses. June Bug participants will enjoy arts and crafts, games, music, stories and outdoor activities. They will spend time outdoors on the trails of the Rye Nature Center – a 47 acre oasis in the heart of Rye. Nature education, entertainment, and social activities all come together in the preschoolers early start to summer!

Experienced Staff

We have exceptional, experienced educators guiding your preschoolers at the Rye Nature Center. Mary Gillick will be the June Bugs program leader. With over 20 years of experience, Mary is a familiar face at the Rye Nature Center with an encyclopedic knowledge of plants and wide-ranging nature interests, including developing the sugar shack and maintaining the butterfly house.

***Outdoor entertainment for
preschoolers who are eagerly
awaiting summer...***
